## Referrer: How to Get your Referral Link to Share

Step:	Details:
1.	Navigate to: <a href="https://www.phoenixnptelehealth.com/referral-program">https://www.phoenixnptelehealth.com/referral-program</a>
2.	<p>On the Referral Program page, click on the <b>“Log In to Access Your Referral Link”</b> button.</p> <p>If you are already logged in to the Phoenix NP website, then you will see your account name in the top right of the website, and you can <b>skip to Step 5</b>.</p> 

3.

When the “Log In” popup window appears, select the method you used when you first signed up with Phoenix NP. Most likely, you will select “Log in with Email”

4.

Complete the log in process with your email and password. This would be the same one you used when signing up for the subscription plan on the Phoenix NP Website.

**NOTE:** This is **NOT** the username and password for the Patient Portal.

<p>5.</p>	<p>After logging in, a custom referral link will be generated that is connected to your account.</p> <p>You can <b>click the COPY button</b> to quickly copy the link so that you can paste it to an email, a text message, or however you wish to share the link.</p> <p>There are also some social media buttons to share the link as well.</p> 
<p>6.</p>	<p>You can send this same guide to your referrals so that they can follow the step guide in the next section for “How to Get your Coupon Code”.</p>
<p>7.</p>	<p>For any referrals that sign up for a membership plan using your referral link and code, you will also receive a referral benefit, which is applied as a credit back to your payment card.</p> <p>There is no limit to the number of new people you refer, but each person is only able to be referred once.</p>
<p>8.</p>	<p>Thank you for participating in our Referral Program and for sharing your positive experience with Phoenix NP!</p>

## Referred: How to Get your Coupon Code

Step:	Details:
1.	If someone has shared their referral link to you, these are the steps to obtain your referral coupon code and apply a discount to the first month of your subscription plan.
2.	Navigate to Referral Link that was provided to you. This link is custom made and connected to the person that referred you.
3.	<p>On Referral Link landing page, click the <b>“Get Reward”</b> button.</p> 
4.	<p>You will need to <b>Sign Up for a Phoenix NP website account</b>. There is no charge for any plan at this point, this account is a free account to provide you with a custom coupon code.</p> <p>You can create your account using the “Sign up with Google”, “Sign up with Facebook”, or the “Sign up with email” button.</p> <p><b>Note:</b> The “Sign up to this site with a public profile” can be selected or deselected, it does not matter. We do not publish or display any profiles on the website.</p> <p><b>Note:</b> If you already created a Phoenix NP account previously, you can click the “Log In” Text right underneath the “Sign Up” header.</p> 

5.

After **completing the Sign Up or Log In** with your account, the “Get Reward” button will be **replaced with your Custom Code**. You can click the “Copy” button so you can paste the code somewhere else and save it.

It is recommended that you **copy or write down your custom code** somewhere before navigating away from this screen. Clicking copy and then navigating to the next steps may not save the code in your clipboard to paste later.

**Note:** If you **forget your custom code**, then you can navigate back to your referral link to obtain your code again.

**Note:** Do not use the custom code in this screenshot. It is not a valid code and each code is custom generated to be connected to the person that referred you.

The screenshot displays the Phoenix NP Telehealth website interface. At the top, the navigation menu includes 'Home', 'About Us', 'Plans & Pricing' (highlighted with a red box), 'Schedule an Introduction Call', 'Call/Text (480)382-0176', 'Patient Portal', and 'News/Blog'. A dark dropdown menu is visible on the right. The main content area features a promotional banner for a '\$50 discount on your plan'. The banner text includes: 'Get a \$50 discount on your plan', 'Apply reward when placing your first order.', 'Apply code at checkout', a text input field containing the code '6PVGS01S44Q8' (with a red arrow pointing to it), a 'Copy' button, 'You can also find this code on the Rewards page.', and 'Applies to the first billing cycle of any plan.'. The background of the banner shows several orange gift boxes. Below the banner, the website footer contains the Phoenix NP logo, social media icons for Facebook, Instagram, YouTube, and TikTok, the email address 'info@phoenixnptelehealth.com', and the copyright notice '©2023 by Phoenix NP'.

6.

To sign up for a plan using your custom coupon code, click on the **“Plans & Pricing”** Page at the top of the website.

While on the **“Plans & Pricing”** page, **select the plan you wish to sign up** for based on the medication type and dosage strength. If you have any questions about the different plans, how they work, or would like to learn more information in general, then feel free to contact us by:

Secure Checkout

8.

**Enter the custom coupon code** that you received earlier then **click Apply**. After applying the code, you will see the coupon code within the Order Summary section.

You will also see the **“Coupon discount”** applied after your **“Subtotal”** and the **“Total today”**, which is what you will be charged after completing the checkout.

**Note:** Your coupon discount is applied only for **the first month** and if the selected plan is an automatically recurring subscription, then you will be **charged the regular price** for the subsequent months, and that amount is listed under your Total.

9.

**Continue completing the checkout process** by entering in the details for Section 2, “Additional Info” and Section 3, “Payment”.

10.

After completing the checkout process, you will receive an email confirmation and the Phoenix NP Team will **process your new patient portal account**. The patient portal registration will come in a separate email from **“Charm”**, which is our Electronic Medical Record system, after our team manually reviews your information and creates the patient portal account.

11.

Follow the instructions in your registration emails for the next steps of the new patient intake process.

As a patient of Phoenix NP, you are now able to refer others as well, where you and your referrals will both receive benefits for each referral.

Thank you for joining Phoenix NP and for participating in our Referral Program!
